NEWS OF

COMPANY TO VISIT DESTROYER
ON TUESDAY OF THIS WEEK !

VETERANS RE-ENLIST

Key men in this company, among whom we find Henry Peterson, Lynwood Pike and Karl Limbacher and Alex. Drab have re-enlisted for another three month period. At the completion of that enlistment they will have served a total of two years in the CCC and all of that time in this company.

The other 15 month men will leave for home in time for the Christmas holidays.

DANCING LESSONS
AVAILABLE

Dancing lessons are to be available to the men of this company soon. Billy Bullock, local dance professional has agreed to teach tap dancing to the members at 25¢ the lesson.

If more than 25 men to take the course the price may be able to be lowered.

All men who want to take the course can sign up in the Educational Tent.

Vince Egan has made all arrangements for this course.

TRUCK-DRIVERS PARTY

Saturday proved to be a big day for the Mechanic(s) Class for on that day they celebrated with a beer party that was immense.

About twenty members and invited guests were present.

The truck left camp at 11:00 A.M. and traveled past Hollywood by-the-sea-, the party finally stopped in a clump of Australian pines where the keg was tapped.

Drinking beer and eating pretzels was not the only enjoyment. The ocean was marvelously calm and warm and none of the members missed the invitation.

They stripped about 15 miles from nowhere and it resembled a nudist colony going full blast.

The Mechanics reported one of the best times ever had this year.

The party lasted until about 3:00 in the afternoon and then began the trek home to the camp, tired but happy and not caring much about either.

Other clubs should try this.

Captain van der Stempel has made arrangements for the men of this company to visit still another ar-ship on Tuesday of this week.

It is the USS. Tillman, now in port here in Miami and anchored in Biscayne Bay.

This is the fourth trip of this kind that the Captain has arranged for us and it is the opinion of the men that the trips are instructive and entertaining.

The Captain requests that all men be ready to leave at 3:00 P.M. on Tuesday afternoon. We must be on board at 3:30 P.M.

Men must wear their regulation uniform; shirt, necktie, pants and shoes. It is imperative that all men be clean and closely shaven.

Because of the early supper hour there must be no time wasted in preparing for the trip.

We shall arrive there on time and shall proceed according to a planned schedule.

THIR WEEK

DECORATION COMMITTEE

The decoration committee for the Thanksgiving Dinner under the leadership of Mr. M.A. Boudet, CEA, spent about seven hours in gathering decorations and then placing them about the mess hall.

The Committee was composed of the following men; Pietrowski, Poloncarz, Kasimir, Fluczinski, Cotton, Batten, Pribek, Celajgelo and others.

The party collected the plants on Wednesday afternoon and did the decorating early Thursday morning.

Many beautiful plants were gathered from the deep wet woods. Poinsettias, several kinds of berries, Australian pine, palms, vines, and Spanish moss.

All were beautifully arranged so that there were signs of appreciation when the men were at last seated in the mess hall.

Cleverly the rafters were covered and hung with Spanish moss. It gave a deep appearance to the usually drab room and the colored flowers and palm branches on the walls spelt peace and plenty to those who were quick enough to catch their significance.

DARCY LEAVES POST.

Edward Darcy, faithful night-watchman, who has so industriously guarded the garage and the valuable property there will return to work on the road today.

Darcy has been in charge of the garage detail since the job was vacated by the previous enrollee who went home.

We owe Darcy a vote of thanks for his work during these past months. While we asleep he was ever alert to the necessities of the job and through him the garage was repaired against the intrusion of those who were intent on stealing gasoline.

John Dragovich has taken Darcy's place in the garage. Dragovich went on duty Saturday night for the first time.

EDUCATION

THE HOLIDAY SEASON

With Thanksgiving over, (and was that a meal!) we approach, too rapidly to the holiday season, when, up north, the snow flies and the crisp winds blow. To many of us the heat of Florida will seem strange indeed as we think of the holiday festivities to which we are accustomed.

But all over the world, wherever we are we have the power within us to make our holidays just what we want.

Let it be cold or hot, or in a far off land, we can all take ourselves to a secret place and there we may think of friends and home; of Christmas trees and great holiday dinners; of New Years parties and of the gay times during the nights. We can remember that we have friends and that we should send them a little greeting.

Of course, we are all a little bit broke, but there is none of us who cannot afford to send at least a few greetings from here, the land of sunshine, to there, where it will be cold and white.

While you are thinking with nostalgic memory of the good things and good people at home, remember that the good people are longing to see you in this season to come.

Remember them while they are thinking of you and this will, through some strange magic, bring you all closer together.

Only two more lectures in First Aid before the tests. Doctor Batten hints that they will be pretty stiff. If any of you men are still a bit hazy about artificial respiration see MR. Boudet.

.....

On next Tuesday night Mr. Lindstrom, coach of the University of Miami wrestling teams will be in camp with two of his wrestlers. He will give us a talk and a demonstration in the art of wrestling. Mr. Lindstrom qualified for the finals in the Olympic Match for the heavyweight championship of the United States.

.....

Here's hoping that all members of the Mechanics class will be at their class Tuesday night. They had a rather strenuous party last week.

The mug that is going to occupy this space is not a bad guy tho, at times he does get on your nerves.. The impression he gives at first sight is that of a comic-strip character..with black hair that stands up like a brush, pale complexion, deep sunken black eyes.. Would look like Frankenstein if it weren't for his bow legs.. Is a little feminine..very fussy about his clothes..every thing must be clean.. but he hasn't cleaned his white shoes since he bought them... Will walk into the barracks, approach his cot, stand at the foot of it, scratches his right thigh, and sees if anything has been moved or touched..if anything has been moved a tenth of an inch some how or other he will find out and put it back in place.. Saw a bug once on his bed and couldn't sleep for 2 weeks 'til he killed it..Is very sensitive, a harsh word will almost make him cry..Has the worst sense of humor I ever came across..Gives out the rolls of sheet music every morning.. Is referred to as "Supply Stoege"..His name?..It's Jack "Murphy" Cohen, no relation to Ice-Cream Cohen!

 To those who are bothered by stubborn hair we recommend BUTTER. This makes it stay in place. We understand it has been used successfully by "Gratitude" Opatovsky.

THIS IS THE BUSINESS PAGE WITH BUSINESS ITEMS

APICELLA applied for an insurance policy, stating as he did so that he was bothered by stomach trouble. The other day the agent came around with the policy and as he gave it to APPY he remarked, "I see that you have stomach trouble." "Oh yes," replied APPY, "I have a terrible stomach ache now. Perhaps you shouldn't take a policy on me." "In other words you don't want a policy!", said the agent. "No", replied the intrepid APPY, whereupon the agent stated frankly to the interested spectators, "Just a wasted nut!"

DIAMOND BALL TEAMS TANGLE IN OPA-LOCKA

In a game featured by heavy hitting and loose fielding spiced with plenty of comedy, Mike Sedgewick's team defeated Tony Pribek's team by the close score of 18-14. The game took place in Opa-Locka and while the game was progressing the men not playing visited the Opa-Locka Zoo.

Sliwinski with two triples featured the long-distance hitting. Assenatp who relieved Pribek in the box showed to ad vantage.

The biggest contribution to the comedy part of the game was put out by Apicella who threw the ball away every time he caught it. He also managed to get in a pickle second and third and with all the opposing team on the line he finally managed to get to third.

At one time in the game Mike's team led by a 14-4 score, but in the closing rally Tony's team made a belated try.

INVITATION TO LEAGUE

This company thru Mr. Boudet has been invited to attend a meeting in the bandstand at Flamingo Park Wednesday night for the purpose of forming the Miami Beach Basketball League for men.

We have already been informed that Wednesday and Monday nights are open to us for practice and that practice games can be arranged satisfactorily.

Our attempt to get the local High schools to engage us in practice games seems to have fallen through. To date all our replies have shown an unwillingness to play us. Either we are considered too heavy or else they are plain scored.

MR. HUBBARD'S
CANTEEN SODA SHOP.

"The familiar place"

WELCOME!

CCC BASKETBALL LEAGUE

Five basket ball leagues, organized in this district, will get under way on or about Dec. 15, 1934.

In February after each league has completed its schedule the league leaders will play a series of games in the form of a District Elimination Tournament to determine the District championship.

This company, 269, will join the Tampa and Ocala leagues to determine the team to enter the Final District Tournament.

The entry for the District Elimination Tournament must be decided by Feb. 15th, the date of the last scheduled game.

A cup, suitably inscribed will be awarded the winning team by the District Commander.

Each Company Commander will arrange for transportation for his team and will furnish officials and provide the basketball on his home court.
